Cindy et al.,

Attached is a draft response document to the Questions v2 doc provided by Jose. I apologize for this coming late in the day. I ran into some major IT problems having worked on the document on my undocked laptop at home (the file could not be located once my laptop was docked back in the office). Took EZ Tech a good portion of the day to diagnose the potential problem. Anyway, here is a working draft for your perusal. Feel free to provide comments.

ps – thanks to Dom and Rick and their previous work, which was very useful generating draft responses.
